

INTERNATIONAL WEEK 10.>>13.10 2017 AT TARTU ART COLLEGE

The International Week organised by Tartu Art College (TAC) from October 10 to 13, 2017 focuses on the topic "Art Education in Internationally Tense Times". We live in the time when Europe is facing migration crisis, several armed conflicts in the world affect Europe, the threat of terrorism touches an increasing number of countries and the international security situation is stressful.

On the other hand, by various measures, the European Commission is stimulating the internationalisation of higher education in Europe and beyond. The International Week focuses on these topics in the context of art, design and restoration education.
